Dear General:

I wish to express my appreciation for the contribution your headquarters is making in the WS-117L Program. The fine spirit of cooperation demonstrated by your Director of Installations has greatly minimized the problems inherent in this high-priority program.

The names of Colonel G. T. Perry, Director of Construction, and Mr. M. G. Tully, of the Special Projects Division, Installations, have been mentioned in connection with this effort. Another significant contribution has been the helicopter airlift provided by the 25th Aviation Company (Infantry Division), U.S. Army. The services of this organization have been instrumental in assuring timely completion of this important project.

Please convey to Colonel Webster and the responsible Army Commander my gratitude for their outstanding cooperation.

Sincerely,

SIGNED

B. A. SCHRIEVER  
Major General, USAF  
Commander
