Reference AFDAT Message 72762, 11 Sep 59, WDSZZ 9-5-E in-
terim reply 17 Sep 59 and ARPA msgs 964914, 4 Sep 59 and 965117, 9
Sep. This msg in 3 parts.

Part I. Request clarification of proposed recovery launch
date in ARPA msg 965117. Believe CY 1961 was intended rather than FY
1961.

Part II. On 23 Jul 59 this division presented SAMOS FY 1960
financial plan to the Air Staff. Included in the presentation was the
request that USAF consider funding $24.8 million to carry on the re-
covery portion of SAMOS program in view of ARPA deferral of funds for
this effort. Total funds required in FY 60 is $168.5 million, ARPA had
authorized $143.7 million. Results of USAF consideration of this re-
quest not known. ARPA now directs in referenced messages that a total
of $148 million has been authorized for SAMOS in FY 60. Out of this
amount the recovery portion must be conducted to the detriment of the
readout portion. Such a change at this point is most uneconomical in
view of our deep commitment to the early phases of the readout portion.
Urgently request this division be advised of results of USAF considera-
tion of funds request. If additional USAF funds for recovery effort
are not forthcoming request guidance as to which portions of readout
program can best afford reduced effort in light of SAMOS DX priority,
inelligence requirements, and national objectives. Information re-
quired by 1 Oct 59 at which time development of long lead time items
for recovery system must be initiated.

(REPRODUCTION OF THIS MESSAGE IN WHOLE OR IN PART IS PROHIBITED WITHOUT APPROVAL OF THIS OFFICE OF PRIMARY INTEREST.)
Part III. It is the understanding of this division that on 16 Sep 59, ARPA revealed to the contractor the funds allocated to the recovery portion and that the SS/F portion of SAMOS was to be reduced. Ethics of these revelations is questioned. Such revelations before negotiation considerably weaken negotiating position.

NOTE : 964914 is AF IN 35987 (5 Sep 59).
       965117 is AF IN 41509 (11 Sep 59).
       9-5-E is AF IN 47213 (17 Sep 59).
