NR : WDFZ-25-7-8 252357Z JUL 60

Reference your Confidential AFOCE-CS 70567.

Following information is submitted relative to proposed Point Arguello launch complex nr. 2.

[REDACTED SECTION]

(E) Additive costs for Hondo Canyon site are due to additional work not required if complex is sited adjacent to complex nr 1, including additional site development work, access road, water supply system, electric supply system, standby electric generator plant, technical support building.

(F) 18 months time required to design and construct from date of site approval.

(G) Estimates are based on configuration of existing pads at Point Arguello complex nr 1 and upon utilization of existing mod II guidance.
