

**MEMORANDUM FOR THE COMMANDANT GENERAL, BALLISTICS  
MODEL IN DEVELOPMENT AREA**

**SUBJECT: ARPA Order 9-55**

Subject order, making initial funds available for the FY 1959 WE-117L program, stipulated that the funds were not available for construction. This prohibition includes both industrial facilities and MCP.

It is planned that construction funds will be made available by a separate ARPA order, as needed. Requests for such funds should be accompanied by a Preliminary Construction Proposal as outlined in the inclosure to this memorandum.
