MEMORANDUM FOR THE DEPUTY DIRECTOR, MOL

SUBJECT: MOL Advanced Planning

REFERENCE: (a) Deputy Director, MOL Memo. SAFSL-9/53 of 3 October 1967.

Reference (a) discussed a briefing of MOL Advanced Planning Options, which was given to MOL Program Office personnel on October 5, 1967, and suggested that a similar briefing be scheduled for Dr. Flax and General Ferguson.

I found the briefing to be very timely, stimulating, and a good comprehensive study of the decisions we face in defining a MOL Program which could follow the baseline program. In the discussions that followed the briefing, I outlined for Lt Colonel Skantze some of the areas which I feel should be highlighted and some of the planning guidance decisions we need from Dr. Flax and General Ferguson.

I request that the briefing be revised to reflect these discussions and that it be condensed to about half an hour in length. Unless informed otherwise, I shall assume that the revised briefing will be available in about two weeks, but in any case, not later than the next MOL Program Review Council Meeting, which may be a good opportunity to seek the guidance needed for our MOL Advanced Planning effort.
